## Cardiac Technologist – Permanent Full-Time

We are currently looking for a permanent full-time Cardiac Technologist. The successful candidate will have the exciting opportunity to contribute to high quality patient care in a supportive and collaborative healthcare environment. Reporting directly to the Manager of Diagnostic Imaging, the incumbent is a highly motivated and dedicated individual with substantial related clinical skills.

The successful candidate will be responsible for performing treadmill exercise stress tests, ECGs, and Holter monitoring. The role also includes performing IV starts and assisting with contrast administration for echocardiograms, as well as the accurate processing and distribution of diagnostic reports.

### Why Join Us?

Espanola Regional Hospital and Health Centre is proud to offer a supportive workplace that values both professional excellence and personal well-being. Our teams benefit from a strong work-life balance, allowing employees to maintain a healthy and sustainable career. In this specific role, the successful candidate will have the opportunity to work in collaboration with a Cardiologist, gaining valuable hands-on experience in cardiac diagnostics and contribution directly to patient care. This collaborative environment supports continuous learning and development of skills.

The Espanola Regional Hospital and Health Centre is an equal opportunity employer committed to inclusive, barrier-free, and accommodating recruitment and selection processes.
